

CAAA 2019 International Events

CAAA would like to invite you and your child(ren) to join us in attending three abacus and mental arithmetic competitions and fun trips this year, which will enhance students' interest and help them learn more about the abacus. These events will provide students with more exposure to the world, and are also a unique opportunity to enjoy an international cultural exchange trip with family. Those who participate in these enriching group activities will have an amazingly interesting summer experience to remember. Plus, there's something for everyone! Teachers on the trip will have the opportunity to attend seminars to discuss the newest innovations in teaching methodology with other educators around the world.
